

CA44

Cresta 44

The *mobile* solution for temporary or permanent air conditioning

Features and specifications

- * Power consumption of just 1600watts gives 4.4kW of cooling (15000Btu's)
- * Power supply 240V - 1ph - 50hz
- * Rotary type compressor
- * Environmentally acceptable refrigerant R407C
- * 1.8m length warm air exhaust duct
- * 12 hour timer can prepare a climate before occupation
- * Precision temperature control creates a stable comfortable working temperature
- * 3 speed air movement fan discharging up to 550m³/hr
- * Horizontal swing louvres
- * Quiet operation for minimal disturbance
- * Automatic condensate removal
- * Complete with castors and weighing just 50kgs makes for easy moving
- * Measures just D430mm x W400mm x H1000mm
- * Robust plastic construction

For office cooling or localised cooling in a larger space, the **Climatehire Cresta44** monobloc type mobile air conditioner, with a cooling capacity of 4.4kW (15000Btu's) and only requiring connection to a 13A socket, is the perfect solution, simple to install and operate, easily moveable and designed to blend with its surroundings.

The warm air duct, up to 1.8m in length, can be passed through an adjacent window.

Cooling and dehumidifying at the same time, the **Cresta44** creates a cool and comfortable working environment at the turn of a switch.
